Dear Parent or Guardian:

Deposit Central School District has elected to use the SNAP Health Portal to better connect you with your child's school health and wellness information. This web-based system provides an easy, secure, and green way for you to update and review important school health information and medical documents throughout the year. With 24-hour access over the web, you will be able to:

- Electronically sign and submit all health forms safely over the internet
- Review and update new health information such as vaccinations, health conditions, and screening results throughout the school year
- Receive immediate notifications when there are changes in your child's health status
- Easily message the school health clinic to expedite communication

Instructions for accessing the SNAP Health Portal will be sent via email during the month of October. Please provide the Health Office with an email address that is checked and used regularly. Add noreply@studentehr.com to your email address book now to ensure proper delivery.
