

Deposit Elementary School Site Based Team Meeting Minutes

June 15, 2010

The committee met on Tuesday, June 15th, from 4:30 – 5:30.

- The team discussed the results of “Light’s Retention Scale” from the test candidates. The scales seemed to be valid based on teacher input. The team decided that the scale would be a useful tool when making decisions regarding retention. Light’s Retention Scale will be ordered for the 2010-2011 school year.
- The team made changes to the retention form and checklist. The retention form will be reviewed and signed at a Student Support Team meeting which will include the parents.
- The team brainstormed ideas for next year’s Site Based Team meetings. These ideas included examining benchmarks and NYS testing data.

Thank you for a great year!
