

DEPOSIT CENTRAL SCHOOL DISTRICT

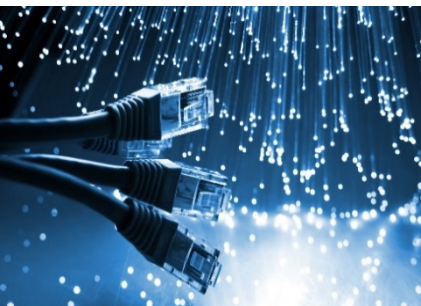

SMART SCHOOLS BOND ACT PLAN

The Deposit Central School District was given an allocation of \$615,278.00 through the Smart Schools Bond Act. This Bond Act provides funding for school improvement in up to six major categories: school connectivity, community connectivity, classroom learning technology, pre-kindergarten classrooms, replacement of transportable classrooms and high-tech security. Our Facilities Committee and Smart Schools Committee determined the Deposit CSD would benefit more by using the funds to make improvements in the areas of high-tech security features, school connectivity, classroom learning technology and pre-kindergarten classrooms.

High Tech Security: The district is seeking to reconfigure and improve security features.

- Installation of electronically secured door hardware for classrooms and public access areas in the elementary building(\$117,278)
- Public address system to include exterior notification and upgraded interior verbal notification system district-wide(\$113,000)
- Install additional security cameras as needed across campus. (\$30,000)

School Connectivity:

- Provide upgrades to district wireless access devices to meet current technology standards district-wide (\$45,000)

Classroom Learning Technology:

- New and upgraded interactive presentation devices for instructional purposes district-wide. (\$150,000)
- Updated 1:1 devices for student use. This includes devices that are made necessary through the CSE process. (\$100,000)

Pre-Kindergarten Classrooms:

- Pre-Kindergarten Classroom(s): Door replacement and handicapped accessible toilet room renovation for Pre-Kindergarten program area (\$60,000)

ESTIMATED PROJECT COSTS:

High-Tech Security Features.....	\$260,278.00
School Connectivity.....	\$45,000.00
Classroom Learning Technology...	\$250,000.00
Pre-Kindergarten Classrooms.....	\$60,000
Estimated Project Grand Total....	\$615,278.00
