DEPOSIT CSD TEACHER POST-OBSERVATION REFLECTION FORM

Teacher:

Observation Date:

1. What was the objective of the lesson that was observed? What did you want students to know/know how to do:

2. Did the students learn what you expected them to learn? How do you know? If you don't know at this point, when will you know and what will be the evidence of their learning:

3. How will you help the students who did not learn what you expected them to learn:

4. Which instructional strategies effectively engaged all students during the lesson (students visibly engaged):

5. Did you adjust your lesson plan or adjust your outcomes as you taught? If so, why/how? What would you alter (if anything) if you teach this lesson again in the future:
